Introduction

Scope of Manual

This instruction manual includes installation, adjustment, operation, maintenance, and parts information for the Type 1051 and 1052 Size 33 diaphragm rotary actuator (figure 1). Mounting adaptations F, G, H, and J are included in this manual. Instructions for the control valve, positioner, manual actuator, and other accessories are included in separate manuals.

Only personnel qualified through training or experience should install, operate, and maintain a Type 1051 or 1052 actuator. If you have any questions about these instructions, contact your Fisher sales office before proceeding.
